

Lake Nona

December 1, 2007

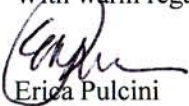

Dear Mrs. Rucquoi,

On behalf of the Lake Nona Ladies Association, I want to thank you for giving a bright and informative presentation at our ladies luncheon. Your story inspired all of us, especially those still looking for their soul mate and those who are perhaps challenged by money issues.

While presenting your thoughts regarding money, you gave an entirely new perspective towards finances, a way that lessens anxieties, builds confidences and affirms the beauty of financial abundance. I received many favorable comments about your infectious personality and your ability to interject your personal stories, which enhanced the presentation immensely.

I am thankful that you were able to stay and sign the books for each lady; I believe it added to the success of how many books were sold and I know it influenced the sale of more than just one book per person. I am so pleased to have had you as an author/guest and look forward to opportunities to work with you again. I wish you many speaking engagements in the future, so that people will get to know you and your book, for it's to their benefit to have the chance to meet and listen to you.

With warm regards,

Erica Pulcini
