Dear Ms. Azar-Rucquoi,

Thank you for your speech to us here at the UUU Society. You were a fountain of vitality. Your phrase "You are much more than you think you are," touched many hearts. Your fresh ideas about the beauty and inspiration of Mountain Climber Ernest Hillary took us to the mountaintop with him.

What a rich and fascinating life you have had. How beautifully you share your struggles and triumphs in your talk and in your book, "Money as a Sacrament". You exude a passion for life. We were honored to hear you speak.

Thank you and please return soon.

William Long

Treasurer, University UU Society
